Community Futures Development Corporation

Rainy River Future Development Corporation is a membership-driven, non-profit, community-based corporation. We are governed by a Board of Directors who are elected each year by our membership. The Rainy River Future Development Corporation is supported by FedNor and Industry Canada under the Community Futures Program and the municipalities of Alberton, Chapple, Dawson, Emo, Fort Frances, La Vallee, Lake of the Woods, Morley, and Rainy River.

Working to create jobs and improve the commercial and industrial base of the Rainy River District, we offer a variety of services to the community. We can help you find fair and equitable business partnerships, help your business communicate with a larger market and provide community learning for businesses and entrepreneurs.

RRFDC wants to encourage and assist with business development throughout the Rainy River District, therefore, we...

- Proactively seek out entrepreneurs wishing to expand their businesses or begin a new business.
- Actively seek out business ideas that preliminary research indicates might be feasible for the District.
- Work closely with other agencies and individual communities to foster an entrepreneurial spirit throughout the District.

RRFDC can provide:

- Term loans, flexline loans, store front loans, and equity investments up to a maximum of \$600,000 per business.
- Assistance in completing their business plans and applications for financing.
- Research and general knowledge of available startup programs and relevant small business services.

Area Overview

Welcome to District of Rainy River, where the rugged beauty of the Canadian Shield envelope the town of Fort Frances, neighboring townships, farmlands, fishing resorts, and our First Nation communities. Far removed from the hustle and bustle of city life, this district beckons with its tranquil beauty and boundless opportunities for adventure.

The Rainy River District is a great place to raise a family. The warm, friendly people live a relaxed and satisfying lifestyle with superb natural treasures and exciting outdoor activities, in combination with great entertainment.

The hub of the Rainy River District is the town of Fort Frances. The town is the judicial, medical, and business centre of the area and has the infrastructure to supply the needs of all area businesses, both large and small. Fort Frances offers a secure and stable economic base, and the town has the advantages of a large city with the convenience of a small town. Fort Frances offers all the amenities desired for comfortable living, fully serviced land, affordable housing, a developed industrial site and the lowest priced utilities in Northwestern Ontario.

Alberton

Alberton welcomes entrepreneurs and encourages commercial and industrial development in the business park zone located along Highway 11-71, as well as home businesses and home industries.

Chapple

With a land area of roughly 558 square kilometres, Chapple's landscape features breathtaking views of the Rainy River, vast forests, and large swaths of agricultural and farm land. Within the Village of Barwick Settlement Area, development through infill and intensification is strongly encouraged. The Village of Barwick settlement area is fully serviced with municipal water and sewer systems.

Emo

Emo's economy is resource and service-based. Service jobs include employment at the local grocery store, hair salon, hardware store, bank, post office, feed store, and other commercial establishments. Approximately half of Emo's residents work in other municipalities. The Village of Emo Settlement Area is fully serviced with municipal water and sewer systems. Agriculture is also an important component of the local economy. The rural and agricultural way of life, character and environment of the Township is important not only from an economic perspective, but also culturally and socially.

Dawson

Agriculture continues to provide employment and commercial activity within the Township. In recent years there has been a shifting from the historical mixed farming to a more active cereal grain industry.

La Vallee

There are many opportunities in our municipality with the population wanting to get away from the hustle and bustle of the big cities. La Vallee sits with open arms waiting for the people and the ideas to arrive. The opportunities are as abundant as you allow your imagination to lead you to just the right opportunity.

Morley

Morley is primarily a rural municipality relying largely on agriculture and natural resources. The Village of Stratton is centrally located within the geographic township of Morley, along Highway 11, and supports residential, commercial, institutional, industrial and recreational uses. Commercial and industrial uses which are located adjacent to provincial highways shall be visually screened or appropriately located, in such a way to provide a positive statement for the municipality.

Town of Rainy River

Rainy River is a cozy town providing essential services all within easy walking distance. There are numerous service clubs and recreational activities available for all ages to engage in. Bird watchers and anglers in particular are in paradise all seasons. Substantial land in the town is currently vacant and under-utilized. The development and re-development of these properties have been identified as a goal in the municipality. Most notably, the new \$30 million state-of-the-art Rainy River K-12 School (opening September 2025) will offer instruction for 310+ students from kindergarten to grade 12 students and will include a 39-place child care facility.

Township of Lake of the Woods

Lake of the Woods can be described as a rural township having an economy based on natural resources and the tourism industry. The Township encourages new development that maintains the quality of life, protects the identity and characteristics of the Township. Bergland and Morson are the residential and business centres for the Township.

Attractions and Activities

Historical Sites

Chapple Museum – open primarily in summer, private tours during winter available upon request.
<https://chapple.on.ca/chapple-museum/>

Fort Frances Museum and Cultural Centre – open year round (check website for operating days/hours)
<https://www.fortfrances.ca/experience/activities-amenities/museum>

Heritage 4008 Steam Engine and Train Museum – located in Town of Rainy River (open in summer)
<https://www.rainyriver.ca/en/our-community/visiting-here/4008-steam-engine-and-train-museum>

Kay-Nah-Chi-Wah-Nung Historical Centre - <https://manitoumounds.com/>
 (check website for current hours)

Museum of Atikokan - <https://atikokanmuseum.com/> (open in the summer)

Rainy River Valley Agricultural Society in Emo - <https://emofair.weebly.com/>

Golf Courses

Heron Landing Golf Course - a picturesque full service 18-hole course located in Couchiching
<https://heronlandinggc.ca/>

Kitchen Creek Golf Course - an 18-hole full-service facility located in Alberton on Highway 11.
<https://kitchencreek.ca/>

Provincial Parks (operating)

Caliper Lake - Campground features an impressive stand of old growth red and white pine trees. The dedicated angler might catch pike, walleye, or smallmouth bass. Large beach and buoyed swimming area provide family fun. Lucky individual might see American White pelicans that occasionally make Caliper Lake their home. <https://www.ontarioparks.ca/park/caliperlake>

Quetico Park - east of Fort Frances near Atikokan lies **Quetico Provincial Park**, a world-renowned wilderness park famous for its backcountry canoe routes and remote beauty. This park is renowned for its rugged beauty, towering rock cliffs, majestic waterfalls, virgin pine and spruce forests, picturesque rivers and lakes. <https://www.ontarioparks.ca/park/quetico>

Recreation Centres

Atikokan Recreation and Wellness Centre is a fully accessible facility with a ice surface, 25 metre long pool, and multi-purpose room perfect for rentals -
<https://atikokan.ca/visit-play/recreation-wellness-centre/>

Chapple Rec Centre - <https://chapple.on.ca/recreation/>

Couchiching Rec Centre - <https://www.couchichingfirstnation.com/recreation>

Emo La Vallee Community Centre - <https://emo.ca/emo-lavallee-community-centre/>

Fort Frances Memorial Sports Centre - <https://fortfrances.ca/sportscentre/>

Two ice surfaces, 25-metre pool, Two squash courts (glass back), weight room, fitness room, auditorium, conference room

Rainy River Recreation Centre boasts a fitness centre, arena, reception hall, tennis courts and a skate park - <https://www.rainyriver.ca/en/our-community/recreation/recreation-centre>

Natural Resources

The Rainy River District has numerous natural resources, both renewable and non-renewable, ranging from forestry and mining to agriculture, fish and wildlife. To the sportsman, this part of Ontario is indeed a happy hunting ground. The waters abound with fish and wild fowl, while the forests abound with deer, moose, bear and partridge.

One of the most valuable resources in Rainy River District is its timber. Pine, poplar, birch, basswood, oak, elm, ash, soft maple, balsam, spruce, cedar and tamarack make up the area's forest. The forest sector has been a key component in the area's economy, particularly in Rainy River First Nations with the Manitou Forest Products sawmill.

Ten First Nation communities in the Rainy River District near Fort Frances have joined forces to create ground-breaking Wanagekong-Biiwega'iganan Clean Energy Corporation (WBCEC). In partnership with Highbury Energy Inc., a Vancouver-based clean energy innovator, the WBCEC initiative aims to transform wood waste—including bark, sawdust, and logging debris—into low-carbon transportation fuels.¹

There are mining operations such as explorations and prospecting occurring within the Rainy River District. Companies such as Coeur Mining have discovered significant deposits of gold, platinum and nickel. This company continues to drill to verify findings and find additional deposits. The New Gold-Rainy River Project became operational in 2017 and is located 65 kilometres northwest of Fort Frances.

To the west of Fort Frances, the area transitions into agricultural farmland. The agricultural area of the District runs about 100 km between Lake of the Woods to the west and Rainy Lake to the East and about 35 km between the Rainy River to the south and the Precambrian shield to the north. Production in the agricultural community includes dairy products, cow-calf operations and grain production. At the centre of the District, the Emo Agriculture research station assists with the development of new crops and cultivars.

There are also several hydro-electrical dams in the area. The Fort Frances Generating Station is an eight-unit hydroelectric station located on the Rainy River in the town of Fort Frances. The station was built in 1909 and equipped with horizontal turbines that were used to grind wood and generate power. In 1954, all original equipment was removed and replaced with eight vertical turbine propeller generators. The station has an installed capacity of 13.1 megawatts.²

Several solar energy projects are underway or planned in the Rainy River District. The largest is the Rainy River Solar Project, which includes three separate photovoltaic projects (solar farms) totaling 25 megawatts, located in the townships of Dawson and Morley. These projects, developed in partnership with Rainy River First Nations, are notable for overcoming challenges like deep frost with custom inverter housings and long piling foundations.³ Additionally, FirstLight Energy is proposing a solar panel array and battery energy storage project in Fort Frances.⁴

Strategic Location

- Our central location provides instant access to major markets.
- We have a highly skilled, highly productive labor force.
- An affordable location to operate your business.
- Take advantage of year-round recreational opportunities.
- The Rainy River District is a great place to locate a business and raise a family.

Airport

Fort Frances Municipal Airport is the only airport located within the Rainy River District. The airport is located 4.1 kilometres northwest of Fort Frances, Ontario, Canada and has a 1371 metres (4500 feet) long asphalt runway. Refer to <https://fortfrances.ca/experience/activities-amenities/airport> for more information.

Rail

Canadian National Railway operates rail lines that carries products between Winnipeg and Thunder Bay as well as a line departing south from Fort Frances across the Ranier Railroad Bridge into Minnesota onward to Duluth and beyond. You are likely to see more than thirty trains a day pulling between 100 and 200 box-cars filled with a variety of goods.

Highway

Ontario provincial highway #11 is the main west-east highway for travel from Baudette-Rainy River across the Rainy River District onto Emo and Fort Frances and Atikokan and finally Shabaqua where highway 11 connects with Highway 11/17 onto Thunder Bay.

Ontario provincial highway #71 is the main north-south highway for travel between Kenora, Sioux Narrows, Emo, Fort Frances and onto International Falls, Minnesota.

Ontario secondary highway #502 along with a portion of highway #11 and highway #594 is the highway corridor connecting Fort Frances and Dryden.

Canada-USA Borders

Fort Frances – International Falls border crossing is the busiest crossing between Ontario and Minnesota. Although it carries a fair number of trucks the bridge is used mostly by residents and vacationers. This crossing is applicable to toll fees when you travel north from International Falls to Fort Frances.

Rainy River – Baudette border crossing is the most westerly border crossing between Ontario and Minnesota. This crossing is used mainly by vacationers and local autos with little truck traffic. There is no toll fee to cross at this crossing in either direction.

Tip: You can save an hour of travel time between Fort Frances and Winnipeg if you travel via Baudette and Warroad rather than Kenora; however, the Minnesota-Ontario-Manitoba (MOM Highway) shortcut requires that you carry a valid passport.

Distance from Fort Frances

2 km	International Falls, MN	151 km	Atikokan	347 km	Thunder Bay

Atikokan, Fort Frances, Emo, Rainy River, and Nestor Falls are home to some of Ontario's most legendary fishing tournaments. But it's not just about the competition. Tournament weekends are also packed with all sorts of activities, markets, and food vendors. And when the sun goes down, downtown concerts keep the party going well into the night. It's a true celebration of fishing and community.

Health Care

Riverside Health Care

<https://riversidehealthcare.ca/>

Riverside Health Care is a fully accredited multi-site, multi-faceted health care system providing service to the Rainy River District. Our health care sites serve 20,000 residents across the region.
